What is Big Bass Crash?

At its core, **Big Bass Crash** is a social multiplayer gambling establishment game constructed on a growing curve multiplier. The theme revolves around the iconic bearded fisherman going out to sea in his small boat. When the betting window closes, the boat sets sail, and the multiplier begins to climb, starting at 1.00 x.

As the boat crosses the screen, the multiplier increases. Players should hit the "Cash Out" button before the boat encounters trouble (or the catch escapes). If a player effectively squanders in time, they win their original stake increased by the existing worth. However, if the game "crashes" before they cash out, the bet is lost.
