    - *Bet 2:* Let it run for a greater multiplier (e.g., 5.00 x or higher) to chase after a big win.
- **The Goal:** To protect a security net while keeping the door open for an enormous payout.

3. The Martingale System (Use with Extreme Caution)

- **How it works:** Doubling your bet after every loss so that when you ultimately win, you recover all previous losses plus a revenue equivalent to your initial stake.
- **The Risk:** Requires a huge bankroll and can easily strike the table limit or exhaust your funds during a long losing streak of early crashes (e.g., numerous 1.01 x crashes in a row).
