What is Crazy Time?

At its core, Crazy Time is a live dealership video game reveal hosted by a passionate, energetic presenter. The main function of the video game is a huge, vibrantly colored, 54-segment mechanical wheel located in an advanced studio. Players position bets on where they believe the wheel will stop after a spin.

However, what separates Crazy Time from basic cash wheel video games-- like *Dream Catcher*-- is the addition of the **Top Slot**. Above the primary wheel sits a two-reel mini fruit machine that spins simultaneously with every primary wheel spin. This Top Slot creates a random multiplier for a specific bet section, which can significantly improve payouts if that sector strikes on the primary wheel.

The Betting Options

The 54 sectors on the Crazy Time wheel are divided into numbers and bonus rounds. Players can wager on any mix of these choices:

- **Number 1:** Appears 21 times on the wheel (pays 1:1)
- **Number 2:** Appears 13 times on the wheel (pays 2:1)
- **Number 5:** Appears 7 times on the wheel (pays 5:1)
- **Number 10:** Appears 4 times on the wheel (pays 10:1)
- **Coin Flip Bonus:** Appears 4 times on the wheel
- **Money Hunt Bonus:** Appears 2 times on the wheel
- **Pachinko Bonus:** Appears 2 times on the wheel
- **Crazy Time Bonus:** Appears 1 time on the wheel

The Four Wild and Wacky Bonus Rounds

The real heart of the Crazy Time experience depends on its 4 interactive benefit rounds. Whenever the wheel stops on one of these sections, gamers who placed a bet on that specific perk round are transferred to a secondary video game area, either physically in the studio or via immersive digital graphics.

Reward Round Frequency on Wheel Optimum Potential Multiplier Description **Coin Flip** 4 sections 5,000 x A simple red and blue coin is flipped to figure out a multiplier. **Cash Hunt** 2 sections 10,000 x A shooting gallery screen with 108 random multipliers concealed behind symbols. **Pachinko** 2 segments 10,000 x A radiant puck is fallen a peg wall to land in a multiplier slot. **Crazy Time** 1 sector 20,000 x An enormous virtual wheel behind a red door using life-altering multipliers.

A coin with a Red side and a Blue side is turned, and whichever side lands deal with up awards the corresponding multiplier to the gamer. Before the flip, multipliers are randomly assigned to both sides, and a "Rescue Flip" can often happen if the preliminary multipliers are considered too low.

2. Money Hunt

Gamers are presented with a huge screen showing 108 random multipliers camouflaged behind different shooting gallery icons (like a cactus, a target, or a sheriff's badge). Once the timer ends, all signs reveal their covert multipliers, and the gamer wins the multiplier behind their picked target.

3. Pachinko

Motivated by the conventional Japanese arcade game, this round features a huge physical wall filled with pegs. The host drops a glowing puck from the top, and it bounces randomly down the board until it lands in among the slots at the bottom, each containing a multiplier. If the puck lands in a "Double" slot, all multipliers on the board double, and the puck is dropped again as much as an optimum multiplier limitation.

4. Crazy Time

The holy grail of the game. Gamers travel through a mystical red door into a virtual, psychedelic wonderland including an enormous 64-segment wheel. Before the wheel is spun, the gamer should choose one of 3 flappers (Green, Blue, or Yellow). The wheel spins, and whatever multiplier the picked flapper points to is awarded. If it indicates "Double" or "Triple," all multipliers on the wheel boost, and the wheel spins once again approximately a maximum cap of 20,000 x.
