2. **The Open:** The cases are opened at the same time in a hectic, animated showdown.
3. **The Winner:** At the end of the battle, the overall worth of all the skins dropped is determined for each player. The individual (or team) with the greatest total skin value wins **all** the dropped items from every gamer's cases.

If you are lucky, you can pull a knife while your opponents pull low-tier consumer-grade weapons, sweeping the whole board.
