1. The Single Bet vs. Double Bet Strategy

- **The Conservative Approach:** Place one bet and set the Auto Cash Out to a low multiplier (in between 1.20 x and 1.50 x). While the specific wins are little, this approach yields a greater frequency of successful rounds.
- **The Balanced Approach:** Utilize the double bet function. Place a large stake on the very first bet with a low auto-cashout (e.g., 1.50 x) to cover the cost of both bets, and a small stake on the 2nd bet to go after greater

multipliers (e.g., 5.00 x or higher).

2. Bankroll Management Rules

- **Set a Budget:** Decide how much money you want to spend before you begin playing, and never surpass that limitation.
- **Never Ever Chase Losses:** If you experience a losing streak, resist the urge to increase your stake sizes to win the money back quickly. This is the fastest way to deplete your account.
- **Accept Volatility:** The airplane can crash at 1.00 x consecutively. Never ever presume a high multiplier is "due" even if the last couple of rounds led to low multipliers. Each round is completely independent.

Accountable Gaming in Kenya

The enjoyment of enjoying the multiplier climb can be intoxicating, making it simple to misplace time and money. Responsible gaming is paramount.

- **Treat it as Entertainment:** Aviator is a type of paid entertainment, just like going to the movie theater or a football match. It is not a dependable source of earnings or a solution to financial troubles.
- **Use Self-Exclusion Tools:** Most Kenyan betting sites use tools that permit players to set daily, weekly, or monthly deposit limits, or to momentarily lock their accounts if gaming stops being enjoyable.
- **Look For Help When Needed:** If gambling starts to negatively impact your individual life, financial resources, or psychological health, connect to local assistance companies or make use of the self-exclusion features provided by your betting operator.
