What is Big Bass Crash?

At its core, *Big Bass Crash* is a multiplayer online game of chance developed on the classic crash mechanic. Rather of spinning reels to land matching signs, gamers enjoy a fisherman on a boat cast his web into the water. As the boat moves along, a multiplier worth continually increases.

The goal is basic yet agonizingly tense: **squander before the net breaks (the crash)**.

If gamers squander in time, they win their original stake multiplied by the present value on the screen. If the net breaks before they struck the cash-out button, the stake is lost.

Maintaining the captivating audiovisual style of the initial *Big Bass* slot series, the game features familiar marine looks, [big bass crash mobile](#) cheerful banjo-infused tunes, and the renowned bearded angler, making it quickly identifiable to fans of the franchise.
