What is the Aviator Game?

Established by Spribe, Aviator is a social multiplayer game coming from the "crash game" category. The premise is straightforward:

1. An aircraft removes, and a multiplier begins climbing from **1.0 x** upwards.
2. Players put a couple of bets before the round begins.
3. The goal is to cash out before the aircraft flies away (crashes).
4. If a gamer squanders effectively, their stake is multiplied by the existing coefficient. If the aircraft flies away before they cash out, the bet is lost.
