## FAQ About Dumpster Rental

### What sizes of dumpsters are available for rent?

In Oklahoma City, rental companies offer various dumpster sizes, commonly ranging from 10 to 40 cubic yards. Smaller dumpsters, like the 10-yard, are ideal for home cleanouts, while larger ones, such as the 40-yard, are suited for major construction projects. Choosing the right size depends on your specific needs.

### How long can I keep a rented dumpster?

Most dumpster rental companies in Oklahoma City allow you to keep the dumpster for a period of 7 to 14 days. However, you can often request an extension for an additional fee if more time is needed. Always check the rental agreement for specific terms and conditions.

## What can I put in a rented dumpster?

You can typically put various non-hazardous materials in a rented dumpster, including household junk, construction debris, and yard waste. However, items like hazardous materials, electronics, or tires are usually prohibited. It's essential to check with your rental company for a detailed list of acceptable items.

## Do I need a permit for a dumpster rental in Oklahoma City?

In most cases, a permit is not needed for dumpster rentals in Oklahoma City if the dumpster is placed on private property. However, if you plan to put the dumpster on a public street or right-of-way, you will likely need to obtain a permit from the city. Always verify local regulations before placing your order.
