Bathroom Vanities – Add a touch of elegance to your

Bathroom Vanities – Add a touch of elegance to your home!Bathroom vanities have long been associated with luxury and style, and these days there's a huge choice of elegant bathroom vanity furniture available, making it easy to give your bathroom a stunning new image. Bath vanities come in loads of different styles, from those with a sink in the counter top and a cabinet beneath, to decoratively presented dressing tables. Which type you choose depends not just on your personal tastes, but the layout and size of your bathroom.A bathroom vanity table with an upholstered stool or chair can look very attractive in larger bathrooms. Alternatively, a well chosen bathroom sink vanity can help lend a sense of grandeur to bathrooms where space is limited. Bathroom vanities come in a range of styles and finishes. Polished wood such as aged walnut or cherry, can look great in an antique themed or period home. For a country style or rustic bathroom, distressed or hand painted designs can compliment the dcor perfectly. There are also numerous sleek and contemporary bathroom vanities for modern homes.Being able to store your beauty products in a vanity cabinet Sacramento HVAC contractor or display your perfume bottles in a table top tray is a really convenient luxury. If you decide to opt for a sink vanity unit, you can choose from a selection of durable and attractive vanity tops that can stand up to years of daily use. Choices include granite, marble ***sacramento hvac contractor*** and glass, among others. Vanity sets usually include all the matching accessories you'll need, or you can purchase items such as mirrors and lights separately. Whatever your decorating theme and budget, some new vanity furniture can be the icing on the cake for your bathroom's makeover!
