April and May bring the heaviest rain, muddy tracks and https://masaimarasafaripackages.net/3-day-safari/ closed camps. Some motels close absolutely and airstrips may be unusable.

For travellers who do pass, the upside is dramatic skies, few motors and coffee premiums. Predators remain resident seeing that prey does no longer migrate away.

A 4x4 is needed, and itineraries need slack for highway delays. Travel insurance plan covering disruption issues. If your dates are mounted within the rains, decide a camp on a maintained highway and hold the plan common. Rainy season notes are at %LINK%.
